ANUSC Cotter PLANTING

The soil’s wet at the Cotter, so let’s dive in!

The ACT Government and Greening Australia invite the ANU Scuba Club to take advantage of favourable conditions to plant 500 native trees and shrubs in the Lower Cotter Catchment.

What to bring/wear? Hat, gloves, long sleeves, long pants, sturdy boots

How to get there? CATCH A BUS OR CAR POOL. A mini-bus will depart outside the Sport & Recreation Association building on North Road, ANU at 9:00am, returning by 1:30pm. If driving, head west on the Cotter Road, cross the Murrumbidgee River, and turn right onto Brindabella Road. Drive to the intersection with Uriarra Road (approx 7kms), turn left, follow for 1.3km, then turn left at the sign “Bullock Paddock Road”. The planting site is about three kilometres along the dirt road. Look for Greening Australia signs along the way.

RSVP essential: Contact Jennifer on jennifer.hine@abs.gov.au or 0417 221 916.
