

ANUSC CLUB NEWSLETTER DECEMBER 1991

.....

At the last club meeting, the 1991 AGM, a good turnout voted in the following committee members for the next year:

President/secretary

Jeremy Weinman moved Bartos seconded Harding

Treasurer

Steven Bartos moved Weinman seconded Sands

Boat Maintenance Officer

Norm Schram moved Weinman seconded Jenkins

Publicity Officer / Editor

Kristina Sands moved Schram seconded Weinman

Equipment Officers

Steve Harding (and Equipment maintenance Officer) moved Weinman/ Raptis

Michelle Karas Schram/Weinman

Kristina Sands Lang/Mueller

Eric Wenger Weinman/Schram

We also heard reports from the previous committee regarding the state of the club. Essentially we are healthy and financial. Our big decision for the next year will be to decide on what boat replacement strategy we will use for the Zodiac. It was decided to leave this matter in the hands of the committee, who will draw on experienced club members to come to a decision. Depending on this we may be looking at obtaining a new boat as early as the first part of 1992. This matter will be further discussed at the next club meeting. The meeting also agreed to raise the hire charge for a set of club gear from \$15 to \$20 to help offset maintenance costs. This is still cheaper for a diver to join the club and hire a set of gear than it is to pay current commercial rates.

The meeting also set the following dive calendar:

Dec 14/15 (and 16 for those who can)

Seal Rocks

North of Newcastle so the extra day is handy. Form a camp-site at Treachery Head there are some spectacular dives to be had. My map tells me there are some rocks with seals, also some famous shark gutters, underwater pinnacles and some deep wrecks. Phil raved about this place after his last trip there early this year. Also Gaby's last chance to dive Australian waters.

Xmas / New Year period

The South Coast Travelling DiveFest

During this difficult time of year with school holidays mucking up the good camp sites and lots of people with Christmas commitments, we thought we'd leave final plans for this period until the week before Christmas. Call Jeremy before the 20th of December with your plans and

requests and then ring again on the 23rd to find out what he's planned. We'll try to get as many dives in as possible up and down the coast. Last year we moved from Bermagui to JB during this period so many people could get dives in.

Intersarsity Diving. In Victoria for the last part of Jan. ~\$30/day inclusive. Ring Jeremy ASAP this year (1991) for details/ copies of application forms.

Jan 25/26/27

Montague Island

By now the sharks will definitely have returned to decorate the gutters. Or if you don't like the toothies, then you might still find some seals left, or magic vis and spectacular dropoffs. Montague has it all. Camping at Mystery Bay.

February 15/16

Jervis Bay

We keep coming back here for many good reasons. There's a large number of places to dive, depending on which way the wind is blowing. I still haven't seen all of them yet. The last dive at JB we went looking for Gorgonia Wall just off the front head and found some great scenery and a Sunfish. Camping at our favourite spot - Honeymoon Bay (bring water).

March 14/15/16 (Canberra day weekend)

Eden

What's at Eden you ask? Two sunken tugs (great dives), an underwater tunnel, some great shore dives from Green Cape, and all of Twofold Bay. Eden will never be warmer, so try it now. Last time we dived there in August it was murky and 12 degrees (just like the lake in Geneva, said Eric - and that was halfway through the tunnel!).
